EXPERIENCE

EVERNOTE • React, JavaScript, TypeScript, React Native, GraphQL, Electron, Android, iOS, Java, Jira
SOFTWARE ENGINEER II - MAR/22 - FEB/23

Created & maintained multiple paywalls across all platforms (Web/Desktop/Mobile)

- Worked on paywalls, flows and upsells to drive and retain users subscriptions
- Added A/B experiments with multiple UI/UX variants offering different free trials or discounts

Reduced mobile app's startup time

- Implemented a caching system to persist pricing data, reducing fetch calls & loading times
- With full documentation, diagrams and testing

LERNIT • React, Redux, JavaScript, TypeScript, GraphQL, NodeJS, Python, MUI, emotion
FULLSTACK DEVELOPER - NOV/20 - MAR/22

Optimized Courses & Learning Paths

- Refactored their create/edit multi-step forms, reducing re-renders and loading times
- Improved performance for users taking and answering a Course or Learning Path
- Fixed the search, sorting & filters on the Admin dashboard for their user/courses lists and tables

GREEN CLEAN • JavaScript, React, React Native, Google Cloud, Firebase, Firestore, Maps API, Stripe
FULLSTACK DEVELOPER - OCT/19 - NOV/20

Made a mobile app for on-demand laundry services

- Designed all the screens using AdobeXD & Photoshop for both User & Driver apps
- Developed with React Native, GCP, Firebase, Firestore & Google's Geolocation & Maps APIs

Developed a website to sell laundry & dryer machines

- An internal side-project to sell the equipment & professional help for new laundromat businesses
- Made with HTML5, SASS, Flask & MongoDB, with an integrated a live-chat service.

BESSER LIGHTING • HTML5, CSS3, SASS, JavaScript, jQuery, MongoDB, Flask, Apache2, DigitalOcean
FULLSTACK DEVELOPER - AUG/17 - OCT/19

Developed, hosted & maintained the company website

- Showcased their featured luminaires using animations, banner carousels, and 3D viewers
- Added before/after comparisons of the best case studies, with details on the work and products
- Technical data, tables, manual & sheets of each product & category
- Mentored an intern for 6 months and helped in SEO, Analytics & Ads campaigns
